## MANAGING DIRECTOR'S REPORT

The Managing Director presents his report and financial statements of ECU Worldwide (Bahrain) Co. W.L.L. (the "Company") for the year ended December 31, 2024.

## PRINCIPAL ACTIVITIES OF THE COMPANY

The Company is licensed to and engages in shipping and sea freight agency services.

## FINANCIAL REVIEW

The table below summarises the financial results:

	2024	2023
	BD	BD
Revenue	408,247	236,922
Gross profit	82,636	87,971
Gross profit margin	20%	37%
Profit for the year	9,475	15,229

## ADOPTION OF FINANCIAL STATEMENTS

The Company's financial statements for the year ended December 31, 2024 will be adopted in the Annual General Meeting of the Company.

## EVENTS AFTER THE REPORTING DATE

In our opinion, no transaction or event of a material and unusual nature, favourable or unfavourable, has arisen in the interval between the end of the year and the date of this report, that is likely to affect substantially the results of the operations or the financial position of the Company.

## STATEMENT OF DIRECTOR'S RESPONSIBILITIES

The financial statements for the year have been prepared in conformity with International Financial Reporting Standards. The Managing Director confirms that sufficient care has been taken for the maintenance of proper and adequate accounting records that disclose with reasonable accuracy at any time, the financial position of the Company and ensure that the financial statements comply with the relevant statutory requirements. The Managing Director confirms that appropriate accounting policies have been selected and applied consistently in order to ensure that the financial statements reflect fairly the form and substance of the transactions carried out during the year and reasonably present the Company's financial condition and results of its operations.

These financial statements were authorised for issue on July 20, 2025 by:

Mr. Saleem Mohammed Nazir Mohamed Hussein  
 Managing Director

**INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF  
ECU WORLDWIDE (BAHRAIN) CO. W.L.L.****Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of **ECU WORLDWIDE (BAHRAIN) CO. W.L.L** (the "Company") which comprise the statement of financial position as at December 31, 2024, the related statements of comprehensive income, cash flows, and changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2024, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards - Accounting Standards ("IFRS Accounting Standards") as issued by the International Accounting Standards Board ("IASB").

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing ("ISA"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code") together with the other ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Other Information**

Management is responsible for the other information. The other information comprises the information included in the Directors' Report. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS, and for their compliance with the applicable provisions of the Bahrain Commercial Companies Law of 2001, and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The management is responsible for overseeing the Company's financial reporting process.

**INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF  
ECU WORLDWIDE (BAHRAIN) CO. W.L.L. (continued)****Auditors' Responsibilities for the Audit of the Financial Statements**T: +973 17 531661  
F: +973 17 530957  
C.R. 80680

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with ISA, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls;
- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

**Report on Anti-Money Laundering and Terrorism Financing Requirements**

As required by the Bahrain Commercial Companies Law, Ministerial Order Number 103 of 2021, we have examined the internal controls systems of the Company as well as the policies and procedures relevant to detecting and reporting of suspicious transactions, in addition to systems and procedures relevant for Customer/Client identification. To the best of our knowledge and belief, we report that:

- I. The Company maintains proper internal control systems and procedures sufficient for monitoring and reporting of suspicious or extraordinary transactions;
- II. the Company holds sufficient measures and internal procedures relevant to verifying the identity of its customers; and
- III. the Company had reported all suspicious or extraordinary transactions, if any.

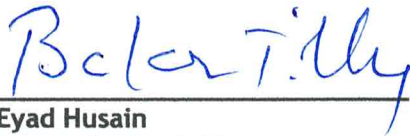

In addition, we report that we are not aware of any violations of the Ministerial Order Number 103 of 2021 concerning the Obligations related to the Procedures for Prohibition of Combating Money Laundering and Terrorism Finance in the Business of the Persons Registered in the Commercial Register and the Audit Registry in the Kingdom of Bahrain.

**INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF  
ECU WORLDWIDE (BAHRAIN) CO. W.L.L. (continued)****Report on Other Legal and Regulatory Requirements**

As required by the Bahrain Commercial Companies Law of 2001, as amended, except for the matter described in the Basis for Qualified Opinion section of our report, we report that:

- I. we have obtained all the information and explanation we considered necessary for the purpose of our audit;
- II. the Company has maintained proper books of account and the financial statements are in agreement therewith; and
- III. the financial information included in the Managing Director's report is consistent with the books of account of the Company.

In addition, we report that nothing has come to our attention which causes us to believe that the Company has breached any of the applicable provisions of the Bahrain Commercial Companies Law of 2001, as amended, or of its Memorandum and Articles of Association, which would materially affect its activities, or its financial position as at December 31, 2024.

## ECU WORLDWIDE (BAHRAIN) CO. W.L.L.

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### 1 LEGAL STATUS AND BUSINESS ACTIVITIES

- a) **ECU Worldwide (Bahrain) Co. W.L.L.** (the “Company”) is Limited Liability Company incorporated on September 1, 2016 under Commercial License Number 103968-1, issued by the Ministry of Industry and Commerce, Kingdom of Bahrain.
- b) The Company is licensed to and engages in sea freight agency services.
- c) The Registered Office of the Company is situated in Al Hidd, Kingdom of Bahrain.
- d) The management of the Company is vested with Mr. Saleem Mohamed Nazir Mohamed Husein, the Managing Director.

### 2 SHARE CAPITAL

The authorised, issued and paid-up capital of the Company is BD 10,000, divided into 100 shares of BD 100 each, fully paid, and held by the shareholders as at the reporting date as follows:

Name of the Shareholder	Country of incorporation/ Nationality	No. of Shares	Amount BD	%
Ecu Hold N.V.	Belgium	49	4,900	49
Masooma Fairouz Abedali A. Rasool AbdulAli - Sponsor	Bahraini	51	5,100	51
<b>Total</b>		<b>100</b>	<b>10,000</b>	<b>100</b>

The Parent Company is ECU Hold N.V. (incorporated in Belgium) and the Ultimate Parent Company is Allcargo Global Logistics Ltd.

The Company is part of ECU Group of Companies and the Ultimate Beneficial Owner is Mr. Shashi Kiran Shetty (Indian National).

### 3 BASIS OF PREPARATION

#### a) Statement of compliance

The financial statements are prepared in accordance with International Financial Reporting Standards - Accounting Standards (“IFRS Accounting Standards”) issued by the International Accounting Standards Board (“IASB”), Interpretations issued by the IFRS Interpretations Committee (the “Committee”), and the applicable provision of Commercial Companies Law of Bahrain of 2001, as amended as may be applicable.

#### b) Accounting convention

These financial statements have been prepared in accordance with the historical cost convention and accruals basis of accounting.

#### c) Functional and presentation currency

The functional and reporting currency of the Company is Bahraini Dinar (“BHD”), as all major transactions are effected in that currency. The Company also transacts in United States Dollars (“USD”).

## ECU WORLDWIDE (BAHRAIN) CO. W.L.L.

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### 3 BASIS OF PREPARATION (continued)

#### d) Changes in accounting policies and disclosure

The accounting policies are consistent with those used in the previous financial year, except for the following amendments to IFRS Accounting Standards that are mandatorily effective for accounting years beginning on or after January 1, 2024:

##### New standards, interpretations and amendments

- Amendments to IAS 7 and IFRS 7 - Supplier Finance Arrangements - Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosure.
- Amendments to IFRS 16 - Lease Liability in a Sale and Leaseback - Specific measurement requirements for lease liabilities that may contain variable lease payments arising in a sale and leaseback transaction.
- Amendments to IAS 1 - Classification of Liabilities as Current or Non-Current - Settlement refers to a transfer to the counterparty that results in the extinguishment of the liability.
- Amendments to IAS 1 Non-current Liabilities with Covenants - Right to defer settlement of a liability subject to covenants at the end of the reporting period.

The adoption of these new standards, interpretations and amendments did not have any material impact on the financial statements of the company for the year ended December 31, 2024.

##### New standards, improvements, interpretations and amendments issued but not yet effective

The following new accounting Standards, improvements, interpretations, and amendments had been issued at the reporting date, but are not mandatory until accounting periods commencing on or after the dates shown, and hence have not been early adopted by the Company in preparing the financial statements for the year ended December 31, 2024.

- Amendment to IAS 21 - Lack of Exchangeability (The Effects of Changes in Foreign Exchange Rates) (January 1, 2025)
- Amendments to IFRS 9 Financial Instruments and IFRS 7- Amendments to the Classification and Measurement of Financial Instruments (January 1, 2026)
- Amendments to IFRS 9 and IFRS 7 - Contracts Referencing Nature-dependent Electricity (January 1, 2026)
- Amendments to IFRS 18 - Presentation and Disclosure in Financial Statements (January 1, 2027)
- Amendments to IFRS 19 - Subsidiaries without Public Accountability: Disclosures (January 1, 2027)

All of the above standards, interpretations and amendments will be adopted by the Company to the extent applicable from their effective dates. The adoption of these standards, interpretations and amendments is not expected to have a material impact on the financial statements of the Company in the year of their initial application.

### 4 SUMMARY OF MATERIAL ACCOUNTING POLICIES

A summary of the material accounting policies, which have been applied consistently, is set out below:

#### a) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

## ECU WORLDWIDE (BAHRAIN) CO. W.L.L.

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### 4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### a) Financial instruments (continued)

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Except for financial assets that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortized cost;
- fair value through profit or loss ("FVTPL"); and
- fair value through other comprehensive income ("FVOCI").

The above classification is determined by both:

- I. the Company's business model for managing the financial asset; and
- II. the contractual cash flow characteristics of the financial asset.

All expenses relating to financial instruments that are recognised in the statement of comprehensive income are presented within general and administrative expenses or finance costs as appropriate, except for allowance for expected credit losses on trade receivable which is presented separately in the statement of comprehensive income.

#### Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect their contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition at fair value, these are measured at amortised cost using the effective interest rate method.

The Company's cash and cash equivalents, accounts receivable, other receivables (excluding prepaid expenses, and VAT recoverable, net) and due from a related parties fall into this category of financial instruments.

#### Financial liabilities at amortised cost

All financial liabilities are initially measured at fair value and subsequently measured at amortised cost using the effective interest rate method. The Company's accounts payables, other payables (excluding deferred revenue), due to related party and loan from shareholder fall into this category of financial instruments.

#### b) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and balance with bank.

#### **4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)**

##### **c) Accounts receivable**

Accounts receivables are stated at original invoice amount less an allowance for expected credit losses ("ECL") as per IFRS 9. Account receivables are written off when there is no possibility of recovery.

The Company makes use of a simplified approach in accounting for accounts receivable and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating the provision, the Company takes account of its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The Company assesses impairment of accounts receivable on a collective basis as they possess shared credit risk characteristics and they have been grouped based on the days past due.

##### **d) Other receivables**

Other receivables consist of deposits, prepaid expenses, VAT recoverable, net and accrued income. These are carried at amounts expected to be received whether through cash or services less provision for any uncollectible amounts as per the ECL model.

##### **e) Related party balances and transactions**

The Company, in the ordinary course of business, enters into transactions with companies and entities that fall within the definition of a related party as contained in IFRS Accounting Standards. Related parties comprise the parent company, ultimate parent company, shareholders, companies and entities under common or joint ownership or common management and control, and key management personnel.

Related party balances are assessed for recoverability as per the ECL model.

Amounts due from/to related parties and loan from shareholder are classified as current assets/liabilities unless there is a formal agreement in place to defer collection/repayment for a period in excess of 12 months, in which case the amount collectible/repayable after 12 months as at the reporting date is classified as non-current assets/liabilities.

##### **f) Impairment of financial assets**

IFRS 9's impairment requirements use forward-looking information to recognise expected credit losses - the expected credit loss ("ECL") model. Instruments within the scope of the requirements include financial assets measured at amortised cost. The Company considers a broad range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial assets that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1");
- financial assets that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2"); and
- financial assets that have objective evidence of impairment at the reporting date ("Stage 3").

"12-month expected credit losses" are recognised for the first category while "lifetime expected credit losses" are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

## ECU WORLDWIDE (BAHRAIN) CO. W.L.L.

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### 4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### g) Offsetting of financial assets and liabilities

Financial assets and liabilities are offset, and the net amount is reported in the statement of financial position, if the Company has a legally enforceable right to set off the recognised amounts, and the Company either intends to settle on a net basis or realize the asset and settle the liability simultaneously.

#### h) Property and equipment

Property and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition and bringing the asset to its working condition. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When a part of an asset is replaced, and the cost of the replacement asset is capitalised, the carrying amount of the replaced part is derecognised. All other repairs and maintenance costs are recognised in the statement of comprehensive income during the financial year in which they are incurred.

Depreciation of assets is calculated using the straight-line method to allocate their cost less estimated residual values, if any, over their estimated useful lives as follows:

<u>Assets</u>	<u>Years</u>
Furniture and fixtures	4
Office equipment	3
Computer equipment	3

Depreciation is charged from the date an asset is available for use up to the date the asset is either fully depreciated or disposed of.

An item of property and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or following disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income when the asset is derecognised.

The useful lives and depreciation method are reviewed periodically to ensure that the period and method of depreciation are consistent with the pattern of economic benefits expected to flow to the Company through the use of items of property and equipment, with the effect of any changes in estimate accounted for on a prospective basis.

#### i) Impairment of non-financial assets

The Company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the cash-generating unit to which the asset belongs is used.

Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used.

**4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)**

**j) Short-term leases and leases of low value**

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered for low value. Leases payments on short-term leases are recognised as an expense on a straight-line basis over the lease term.

**k) Determination of fair value**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

**l) Accounts payables**

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether claimed by the supplier or not.

**m) Other payables**

Other payables include accrued expenses - import and export, accrued expenses - others, deferred revenue and others.

Accrued expenses are the cost of goods or services received or incurred during a year for which the supplier invoice has not been received as at the reporting date.

Deferred revenue refers to payments received in advance for services which have not yet been performed.

**n) Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

**o) Contingent liabilities**

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company; or when the Company has a present legal or constructive obligation, that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

## **ECU WORLDWIDE (BAHRAIN) CO. W.L.L.**

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### **4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)**

#### **p) Employees' end-of-service benefits**

Provision is made for the end-of-service benefits due to employees in accordance with the Bahraini Indemnity Law for their periods of service up to the reporting date. The provision for the employees' end-of-service benefits is calculated based on their current basic remuneration.

#### **q) Statutory reserve**

As required by the Commercial Companies Law of Bahrain of 2001 (as amended in 2014, 2015 and 2018) and the Company's Memorandum of Association, 10% of the profit for the year is required to be transferred to a statutory reserve until such reserve equals 50% of the paid-up share capital of the Company. Having now attained this limit, transfers have ceased. This reserve is not available for distribution to the shareholders.

#### **r) Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, excluding taxes or duties.

To determine whether to recognise revenue, the Company follows a 5-step model as per IFRS 15:

- i. Identify the contracts with customers;
- ii. Identify the performance obligations in the contract;
- iii. Determine the transaction price;
- iv. Allocate the transaction price to the performance obligations; and
- v. Recognise revenue when the Company satisfies a performance obligation at a point in time.

Revenue is recognised at a point in time as an when the Company satisfies performance obligations by providing the promised services to its customers.

The Company recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as current liabilities in these financial statements. Similarly, if the Company satisfies a performance obligation before it receives the consideration, the Company recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

The Company assesses its revenue arrangements against specific criteria in order to determine if it is acting as a principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements.

The Company generates revenue from shipping and sea freight agency services, which are recognised on execution of orders of customers and agents.

#### **s) Expenses**

Direct costs include all costs directly attributable to the generation of revenue and include wages and salaries of revenue-generating employees, rent expense, and other direct costs. All other expenses are classified as general and administrative expenses.

#### **t) Foreign currency transactions and translations**

Foreign currency transactions are translated into BD using the exchange rate prevailing on the date of transaction. Monetary assets and liabilities, denominated in foreign currencies, are translated into BD using the exchange rates prevailing on the reporting date. Gains and losses from foreign exchange transactions are taken to the statement of comprehensive income.

## ECU WORLDWIDE (BAHRAIN) CO. W.L.L.

Bahrain

Notes to the financial statements  
For the year ended December 31, 2024

---

### 4 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### s) Current versus non-current classification

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting date; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting date; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

#### s) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

### 5 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with IFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies.

Estimates and judgments are continually evaluated and are based on historic experience, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future years.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are as follows:

**5 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS (continued)**

**i) Allowance for excepted credit losses on accounts receivable**

The allowance for excepted credit losses on accounts receivable is recognised as per IFRS 9 considering the pattern of receipts from, and the future financial outlook of, the concerned customer. In measuring the expected credit losses allowance, the accounts receivable have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the credit period and the days past due. It is reviewed by the management on a regular basis.

**ii) Satisfaction of performance obligations under IFRS 15 - Revenue from Contracts with Customers**

The Company recognises revenue at a point in time when the performance obligations are satisfied following the 5-step model as per IFRS 15.

**ECU WORLDWIDE (BAHRAIN) CO. W.L.L.**

Bahrain

Notes to the financial statements

For the year ended December 31, 2024

<b>6</b>	<b>CASH AND CASH EQUIVALENTS</b>	<b>2024</b>	<b>2023</b>
		<b>BD</b>	<b>BD</b>
	Cash in hand	1,000	1,000
	Cash at bank	15,769	23,454
		<u>16,769</u>	<u>24,454</u>
<b>7</b>	<b>ACCOUNTS RECEIVABLE</b>	<b>2024</b>	<b>2023</b>
		<b>BD</b>	<b>BD</b>
	Accounts receivable - third parties	159,518	16,554
	Accounts receivable - related parties (note 9.4)	25,527	13,079
	Accounts receivable - gross (notes 7.1 and 7.2)	<u>185,045</u>	<u>29,633</u>
	Less: allowance for expected credit losses on accounts receivable (note 7.3)	<u>(12,733)</u>	<u>(1,733)</u>
	Accounts receivable, net	<u>172,312</u>	<u>27,900</u>

**7.1** The Company allows a credit period of 90 days, after which date the accounts receivable are considered to be past due. It is not the practice of the Company to obtain collateral over accounts receivable and therefore all accounts receivable are unsecured.

**7.2** As at 31 December, the ageing analysis of accounts receivable was as follows:

		<b>Not past Due</b>		<b>Past due</b>	
	<b>Total</b>	<b>0-90 days</b>	<b>91-120 days</b>	<b>121-180 days</b>	<b>&gt;180 days</b>
	<b>BD</b>	<b>BD</b>	<b>BD</b>	<b>BD</b>	<b>BD</b>
<b>2024</b>	<u>185,045</u>	<u>38,400</u>	<u>508</u>	<u>899</u>	<u>145,238</u>
<b>2023</b>	<u>29,633</u>	<u>20,258</u>	<u>1,427</u>	<u>5,317</u>	<u>2,631</u>

**7.3 Expected credit losses on accounts receivable**

The Company applies the IFRS 9 simplified model of recognizing lifetime expected credit losses for all accounts receivable as these items do not have a significant financing component.

In measuring the ECL, the accounts receivable have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the days past due.

The expected loss rates are based on the payment profile for revenue over the past 24 months up to December 31, 2024 as well as the corresponding historical credit losses during that period. The historical rates are adjusted to reflect current and forward-looking macroeconomic factors affecting the customer's ability to settle the amount outstanding.

Accounts receivable are written off (i.e. derecognised) when there is no reasonable expectation of recovery. Failure to make payments within the credit period and failure to engage with the Company on alternative payment arrangements amongst others are considered indicators of no reasonable expectation of recovery.

The movement in allowance for expected credit losses on accounts receivable was as follows:

	<b>2024</b>	<b>2023</b>
	<b>BD</b>	<b>BD</b>
Balance at the beginning of the year	1,733	1,733
Allowance for expected credit losses on accounts receivable	11,000	-
Balance at the end of the year	<u>12,733</u>	<u>1,733</u>

**19.2 Contingent liabilities**

The Company did not have any contingent liabilities as at the reporting date.

**ECU WORLDWIDE (BAHRAIN) CO. W.L.L.**

Bahrain

Notes to the financial statements

For the year ended December 31, 2024

**20 RISK MANAGEMENT****20.1 Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company was exposed to interest rate risk on interest-bearing loans from shareholder, which is at variable interest rates as follows:

	2024	2023
	BD	BD
Interest-bearing loan from shareholder (note 9.3)	127,406	-
	<b>Effect on the result for</b>	
	<b>the year</b>	
	<b>(decrease)/increase</b>	
Interest rates		
Increase by 5.5%	(7,007)	-
Decrease by 5.5%	7,007	-

There were no interest-bearing assets as at the reporting date.

**20.2 Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss and is limited to the carrying values of financial assets in the statement of financial position. The Company was exposed to credit risk on the following balances:

	2024	2023
	BD	BD
Cash at bank (note 6)	15,769	23,454
Accounts receivable, net (note 7)	172,312	27,900
Other receivables (excluding prepaid expenses and VAT recoverable, net) (note 8)	800	846
Due from related parties (note 9.1)	11,365	26,422
	200,246	78,622

The Company seeks to limit its credit risk with respect to banks by dealing with reputable banks only.

**ECU WORLDWIDE (BAHRAIN) CO. W.L.L.**

Bahrain

Notes to the financial statements

For the year ended December 31, 2024

**20 RISK MANAGEMENT (continued)****20.2 Credit risk (continued)**

Credit risks related to accounts receivable are managed subject to the Company's policies, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based on internal rating criteria and the credit quality of customers is assessed by management. The rating and credit quality is used to determine the expected credit losses for customer receivables in line with IFRS 9. In measuring the expected credit losses, the accounts receivable have been assessed on a collective basis as they possess shared credit risk characteristics.

Other receivables (excluding prepaid expenses and VAT recoverable, net) carry minimum risk as they are due from low risk parties.

Due from related parties relates to transactions with minimal credit risk.

**20.3 Liquidity risk**

Liquidity risk is the risk that the Company may not have sufficient liquid funds to meet its financial obligations as they fall due. The Company limits its liquidity risk by managing its cash flows. The Company's terms of contract require amounts to be paid within 90 days from the date of invoice.

The table below summarises the maturities of the Company's financial liabilities at December 31.

	<b>Less than 12 months</b>	
	<b>2024</b>	<b>2023</b>
	<b>BD</b>	<b>BD</b>
Accounts payables (note 11)	11,051	5,144
Other payables (excluding deferred revenue invoices) (note 12)	11,392	41,948
Loan from shareholder (note 9.3)	127,406	-
	<u>149,849</u>	<u>47,092</u>

**20.4 Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly from future contractual transactions of receivables and payables that exist due to transactions in foreign currencies.

Most of the Company's transactions are carried out in BD and USD. As the BD is pegged to the USD, there is no foreign currency risk involved with regard to the USD.

**21 FAIR VALUES**

The management assesses the fair value of the Company's financial assets and liabilities at each reporting date.

The fair values of the financial assets and liabilities are considered at the amount at which the instruments could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale.

The fair values of the current financial assets and current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

**22 EVENTS AFTER THE REPORTING DATE**

There have been no material events occurring after the reporting date that require adjustment to, or disclosure in, the financial statements.
