Investing in securities involves risks. The value of the portfolios may fluctuate and can go up or down. Prospective investors are advised to carefully review the related documents carefully and in its entirety and consult their legal, tax and financial advisors to determine possible legal, tax and financial or any other consequences of investing under this Portfolio, before making an investment decision. The value of the portfolio may be affected by factors affecting financial markets, such as price and volume, volatility in interest rates, currency exchange rates, changes in regulatory and administrative policies of the Government or any other appropriate authority (including tax laws) or other political and economic developments. Consequently, there can be no assurance that the objective of the Portfolio would be achieved. The portfolios composition is subject to change and it may not have any future positions in the Stock(s)/Sector(s) mentioned in the document. The benchmark of the portfolios can be changed from time to time in the future. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of investments in portfolios. Individual returns of Clients for a particular portfolio type may vary significantly from the data on performance of the portfolios depicted in this material. This is due to factors such as timing of entry and exit, timing of additional flows and redemptions, individual client mandates, specific portfolio construction characteristics or structural parameters, which may have a bearing on individual portfolio performance. **Neither the Portfolio Manager, M/s Adroit Financial Services Private Limited or any of its officers, directors, personnel and employees shall be in any way liable for any variations noticed in the returns of individual portfolios.** Actual future gains or losses could materially differ from those that have been estimated. The recipient(s) alone shall be fully responsible/are liable for any decision taken on the basis of this material. All recipients of this material should before dealing and/or transacting in any of the products referred to in this material make their own investigation, seek appropriate professional advice. The investments discussed in this may not be suitable for all investors. Financial products and instruments are subject to market risks and yields may fluctuate depending on various factors affecting capital/debt markets. There is no assurance or guarantee that the objectives of the portfolio will be achieved. Please note that past performance of the financial products, instruments and the portfolio does not necessarily indicate the future prospects and performance thereof. Such past performance may or may not be sustained in future. Portfolio Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. The investors are not being offered any guaranteed or assured returns. The AMC may be engaged in buying/selling of such securities. In the preparation of this material the company has used information that is publicly available, including information developed in-house. We do not warrant the accuracy, reasonableness and/or completeness of any information. For data reference to any third party in this material no such party will assume any liability for the same. Actual results may differ materially from those suggested by the forward-looking statements due to risk or uncertainties associated with our expectations.
